Subject: Re: Fwd: Request for authorization to use The CARE profiles

Dear Ana,

Thank you for your email. From my perspective you are welcome to use the CARE profiles, subjected to the usual acknowledgements as to source. However it is customary to seek permission from the lead author, in this case Dr Mark Faulkner. I have copied Mark into this email and I am sure that he will reply to you himself.

Regards,

Mike

Good Night

My name is Ana Carvalho and am a student of Masters in Human Resource Management at the Instituto Superior Miguel Torga in Coimbra, Portugal

Right now, I am preparing my dissertation and would like to apply your test "The CARE profiles" (presented in the article "Development of the combined assessment of residential environments (CARE) profiles") in Portuguese homes.

For this to be possible, I need your permission to use your test.

I'll be waiting for your answer

Greetings,

Ana Carvalho
